Professional Summary

Computer Engineer with hands-on experience developing scalable web applications and enterprise solutions using React, Node.js, Next.js, NestJS, Python, and PostgreSQL. Strong foundation in software engineering principles, including RESTful APIs, microservices, TDD, CI/CD, and Agile development. Experienced in both software development and quality engineering, combining clean code practices with a quality-first mindset. Passionate about building reliable products, solving complex technical challenges, and using Artificial Intelligence to create innovative solutions.

Technical Skills

Python, JavaScript, TypeScript, SQL, HTML, CSS, React, Next.js, Node.js, NestJS, Odoo, Robot Framework, Maestro, Git, Docker, Postman, Swagger, Jira.

Work Experience

Inatel Competence Center Jul. 2026 – Present

Systems Developer Specialist I · Santa Rita do Sapucaí, MG, Brazil

Technologies: Node.js, React, Next.js, NestJS, PostgreSQL, MariaDB, TDD, CI/CD, Scrum

- Developed and maintained full-stack web applications using Node.js, React, Next.js, and NestJS.
- Built and integrated RESTful APIs and worked with PostgreSQL and MariaDB databases.
- Applied TDD, participated in code reviews, and contributed to CI/CD pipelines.
- Collaborated in Agile (Scrum) teams to deliver scalable software solutions.

Inatel Competence Center Jul. 2026 – Sep. 2026

Systems Developer Analyst II · Santa Rita do Sapucaí, MG, Brazil

Technologies: React, Next.js

- Responsible for developing modern, responsive interfaces using React and Next.js, as well as implementing integrations with external APIs.

Inatel Competence Center Sep. 2024 – Jul. 2026

Software Development Intern · Internship · Santa Rita do Sapucaí, MG, Brazil

Technologies: Node.js, React, Next.js, NestJS, Python, Odoo, PostgreSQL, TDD, Git, CI/CD, Scrum, Robot Framework, Maestro, Postman, Swagger

- Developed full-stack web applications using Node.js, React, Next.js, NestJS, Python, and Odoo ERP.
- Built RESTful APIs, worked with PostgreSQL, and contributed to microservices.
- Applied TDD, Git, and CI/CD practices in Agile (Scrum) teams.
- Developed automated tests with Robot Framework and Maestro and performed API testing using Postman and Swagger.
- Collaborated across development and QA teams to deliver reliable, high-quality software.

Inatel Competence Center Jan. 2026 – Jul. 2026

Development Intern · Internship · Santa Rita do Sapucaí, MG, Brazil

Technologies: NestJS, Next.js

- Worked on software maintenance and development using NestJS and Next.js.
- Contributed to web application development during the transition to the Web Systems Analyst role.

Inatel Competence Center Sep. 2024 – Dec. 2025

Software Quality Assurance Intern · Internship · Santa Rita do Sapucaí, MG, Brazil

Technologies: Robot Framework, Maestro, Jira, Scrum

- Developed automated tests for web applications using Robot Framework.
- Implemented automated tests for mobile applications with Maestro Studio.
- Performed risk-based testing and managed QA activities in Jira.
- Worked in Agile teams following Scrum and continuous integration practices.

CNPq Nov. 2022 – Sep. 2024

Researcher · Santa Rita do Sapucaí, MG, Brazil

- Object-Oriented Programming (OOP)

Sala de Leitura José Asdrúbal de Almeida Jun. 2019 – Dec. 2019

Library Assistant · Paraisópolis, MG, Brazil

- Supported the organization of and access to the collection used by local historians and researchers.
- Completed the production of the book "Poetas de Nossa Terra, Volume 2".
- Compiled the content and interviewed poets to write the introductory mini-biographies for the publication.

Education

Bachelor of Computer Engineering Aug. 2021 – Jun. 2026

Instituto Nacional de Telecomunicações (INATEL)
